July 25, 2026

Dear Parents,

Torah Academy requires submission of updated medical forms for all new incoming students and for students entering PreK, K, the 1st, 4th and 7th grades.

If you were not able to load the medical forms on ParentLocker during registration, please submit the most recent medical form(s) (issued since September 2025) **by August 10th, 2026.**

The form can be emailed to the school nurse directly mgottfried@torahacademy.us or sent by fax to 617-731-1042.

Reminder: All students entering Kindergarten and older need to have 2 MMR and 2 Varicella vaccines.

Please note, our school's policy is that no students will be allowed to attend school if not fully immunized. The board has made a strict decision about immunizations and there will be no exceptions except for medical reasons.

In accordance with Massachusetts State law, all school children are required to undergo physical examinations and appropriate immunizations upon entering school and every three years thereafter.

We thank all the parents who have already submitted medical forms.

Please email our nurse Mrs. Miri Gottfried mgottfried@torahacademy.us if you have any questions.

Thank you!
